- 8.6 In the event of Swedavia wishing to hold the Supplier liable for demands and other claims from a third party ("Third Party Demand") within the framework of the Contract, the following shall apply:

- (i) Swedavia shall without unreasonable delay notify the Supplier of the Third Party Demand (although if Swedavia fails to do this, the Supplier shall not be released from liability other than to the extent that Swedavia's failure significantly deteriorates the possibility of a successful defense against the demand or entails considerable increases in cost for the Supplier).
- (ii) Swedavia undertakes not to enter into a settlement without the consent of the Supplier or any other agreement relating to the Third Party Demand which entails liability for the Supplier – such consent from the Supplier may not be unduly refused or delayed.
- (iii) If it is agreed that the Supplier should handle the Third Party Demand, this is to take place through an attorney approved by Swedavia, and Swedavia undertakes, at the Supplier's expense, to assist the Supplier to a reasonable extent in handling the demand. The Supplier undertakes to obtain Swedavia's written consent in advance for all measures undertaken by reason of the Third Party Demand – such consent may not be unreasonably refused or delayed. If the Supplier's compensation is paid on current account, the Supplier is entitled, however, to invoice monthly in arrears. This payment does not constitute approval of the Supply Undertaking. Approval of the Supply Undertaking takes place in accordance with Chapter 7.

- 10.6 In the event of delayed payment, the Supplier is entitled to demand statutory penalty interest from the day after the due date, which shall be paid against a separate invoice.
- 10.7 Each payment, which Swedavia, in appropriate cases, makes to the Supplier for a particular supply undertaking (or part thereof) before Swedavia has approved final delivery thereof, shall be considered as, and be treated by the Supplier as, advance payment until Swedavia has approved such final delivery. The new consultant shall be approved by Swedavia and such approval may not be refused without grounds. The Supplier is in such case responsible for the assignment being able to continue without noticeable effects on performance (i.e. no delays, no deterioration in quality and without additional cost for Swedavia), and giving the new consultant reasonable support as needed to carry out the agreed tasks within twenty (20) calendar days. If the Supplier is unable to appoint a new consultant with sufficient expertise within ten (10) calendar days, and such failure is not only of slight importance for the project, Swedavia is entitled to terminate the project and appoint a third party to complete the project. In such case, the Supplier is entitled to compensation for the services that have already been performed only to the extent of the value of such services and provided that Swedavia accepts the services performed.
- 11.2 The Supplier is only entitled to replace the contact person(s), key personnel or the equivalent which, in

appropriate cases, are appointed under the Contract, with other personnel after Swedavia's written consent. Other personnel than such contact person, key personnel or the equivalent may be replaced without Swedavia's written consent provided that this replacement is not to the detriment of the Contract and its performance (or part thereof).

12. TRANSFER OF EXPERTISE

12.1 The Supplier shall take active responsibility for transfer of expertise to Swedavia taking place related to the specific Supply Undertaking.

12.2 The Supplier shall ensure that the transfer of knowledge is not dependent on a particular individual. A prerequisite for such transfer of knowledge is that the Supplier provides its consultants with minimum requirements in the form of templates and documents that describe how expertise is to be transferred. Swedavia is responsible for appointing recipients for such transfer of knowledge.

13. HANDOVER IN THE EVENT OF CHANGE OF SUPPLIER

13.1 When the Contract for the respective assignment terminates, the Supplier shall immediately be prepared to return to Swedavia free of charge keys, entry passes and badges and requisite documents and documentation. Alternatively, at Swedavia's request, to hand over requisite documents and documentation partly or wholly to a new supplier.

13.2 The Supplier shall, if so required by Swedavia, be responsible for transferring knowledge to a reasonable extent to a new supplier appointed by Swedavia to continue providing a service which mainly corresponds to the Supply Undertaking previously provided by the Supplier. The Supplier shall be entitled to reasonable compensation at the price level agreed upon in the respective Contract.

14. DELAYED DELIVERY AND DELAY DELIVERY PENALTY

14.1 With the exception of the provisions of clause 14.4 below, the Supplier is responsible for every Delivery Delay to the extent that this delay is not due to Swedavia or someone that Swedavia is responsible for. The Supplier shall undertake all reasonable measures to counteract and limit Delivery Delays that occur.

14.2 Unless otherwise stated in the Contract, the Supplier shall pay a penalty to Swedavia for every Delivery Delay which the Supplier is responsible for of up to 2 % of the price of the delayed part of the Supply Undertaking for each initiated week of delay up to an amount of 20% of the same amount per Delivery Delay. Terms of payment for penalties are 30 days net from receipt of a correctly issued invoice.

14.3 Swedavia shall be entitled to deduct the penalty amount from payments to the Supplier under the respective Contract. Swedavia shall always inform the Supplier prior to such deduction.

14.4 If Swedavia is delayed with respect to any of its undertakings in accordance with a Contract, the Supplier shall none the less be obliged to perform its

obligations according to the timetable to the extent that performance of Swedavia's obligations is not necessary for the Supplier to comply with its obligations.

14.5 In the event of it reasonably being able to be assumed that the Supplier will be delayed in relation any of its undertakings in accordance with this Contract, Swedavia shall be entitled to postpone performance of some of its undertakings to the extent that such performance is not necessary for the Supplier to comply with its obligations.

14.6 In addition to the above and to other consequences, which may be imposed, the Supplier shall in the event of a Delivery Delay which the Supplier is responsible for always be liable for all Losses ensuing thereof in accordance with clause 16.1 below.

14.7 Swedavia's right of cancellation in the event of a Delivery Delay follows from clause 17 below.

14.8 To the extent that a Delivery Delay is due to Swedavia or someone for whom Swedavia is responsible (and the delay is not caused by a circumstance referred to in clause 15 below), the Supplier as sole consequence shall be entitled to an extension of time corresponding to the Delivery Delay and, where relevant and unless otherwise ensuing from the Contract, reasonable compensation for direct storage costs in connection with the Delivery Delay. The Supplier shall take all reasonable measures to counteract and limit such costs.

15. DEFECTS

15.1 The Supplier guarantees during the contract period specified in the Contract that all Supply Undertakings included services, hard- and software and other performances within the framework of the Contract shall be fully in accordance with the Contract and thus be free from Defects.

15.2 Without hindrance of clause 14 above, the guarantee period for hardware under the Contract will apply for one year from the date on which Swedavia approved the final delivery thereof or during the guarantee period which is granted by the Contract in appropriate cases. During the guarantee period the Supplier is responsible for Defects in accordance with 15.1.

15.3 The Supplier shall swiftly, at its own risk and expense, rectify every Defect that arises during the period of guarantee for the Defect. Defect rectification shall take place without inconvenience for Swedavia and in accordance with applicable rectification procedures, escalation processes, etc. where such have been agreed upon by Contract, and otherwise in such a way as Swedavia may reasonably request. Complaints concerning Defects may be made at any time during the guarantee period, without taking into account complaint limitations or the like.

15.4 The Supplier shall report back to Swedavia directly after rectification has taken place and the deviation restored to the agreed level.

15.5 If the Supplier does not, within a reasonable period of time, after a complaint or notification of a defect, perform its obligations in a satisfactory way, Swedavia is entitled to perform them itself or employing another at the expense of the Supplier. Swedavia shall also be entitled to a price deduction (i.e. a deduction from the compensation in accordance with the Contract, or a reimbursement of

compensation already paid) corresponding to the Defect, or to suspend the Contract, wholly or partly, in accordance with clause 17 below.

- 15.6 In addition to the above and to other consequences which may be imposed, the Supplier shall in the event of a Defect always be liable to compensate all Losses ensuing therefrom in accordance with clause 16 below.

16. LIABILITY AND INSURANCE

- 16.1 The Supplier is liable for all Losses which the Supplier or its personnel or sub-contractor cause Swedavia through negligence. A party shall never be liable for loss of profit or other indirect losses.

However, if the Supplier has strict liability by law or other statute, this shall apply.

- 16.2 Regardless of what is stipulated above, no limitation of liability shall apply (i) for the Supplier's liability in accordance with clause 8 above; (ii) in the event of breach of confidentiality and other obligations in accordance with clause 21 below; (iii) in the event of other gross negligence or intent; or (iv) in the event of death or personal injury caused by a party or someone a party is responsible for due to negligence or intent.

- 16.3 Compensation which the Supplier is obliged to pay in accordance with this clause 16 shall be paid in full, without deduction of Contract Penalty, which the Supplier in appropriate case is liable for in accordance with clause 14 above or otherwise in accordance with the Contract.

- 16.4 The Supplier shall for its undertakings within the framework of the Contract have requisite liability insurance amounting to an adequate amount. The insurance shall include cover for such property that the Supplier takes care of or acquires and in which Swedavia has an interest.

The Supplier shall on request provide Swedavia with a copy of the appropriate insurance policy and certification that the insurance premium has been paid. If Swedavia incurs a Loss, for which the Supplier can receive insurance indemnity, the Supplier shall, according to its best ability, attempt to obtain such indemnity and immediately pay it to Swedavia.

In the event of loss or damage, the Supplier is obliged to contact its insurance company or regulate the damage or loss in another way.

- 16.5 Each of the Parties has in the event of damage or loss, to take the measures that may reasonably be required to limit the damage or loss.

17. TERMINATION FOR CAUSE AND CONVENIENCE, ETC.

- 17.1 *Termination for cause.* The Contract may be terminated wholly or partly with immediate effect by either party in the event of any material breach or material default by the other party in the performance of any obligation under the Contract, which is not remedied within thirty (30) days of written notification thereof. Such notification shall contain a statement that termination is being considered if correction does not occur.

Swedavia is also entitled to cancel the Contract wholly or partly with immediate effect if the Supplier:

- (a) is declared bankrupt, in liquidation, mandatory administration, carries out a composition, or suspends payments until further notice or has been prohibited from trading.
- (b) been subject to a petition for bankruptcy, mandatory administration, a composition or some similar procedure.
- (c) is sentenced for a crime relating to professional practice in accordance with a judgment that has attained legal force or has been guilty of serious errors in the pursuit of its professional activity.
- (d) has not performed its obligations relating to social insurance contributions or taxes.
- (e) if the Supplier prior to or at the time of signature of the Contract has provided incorrect information or failed to provide information about the Supplier, which is important for the coming into existence of the Contract.
- (f) if a Delivery Delay for which the Supplier is responsible has existed during an aggregated period of at least ten (10) weeks or if Swedavia has had reasonable cause to assume that the Supplier's performance under the Contract taken as a whole will be delayed for at least ten (10) weeks due to a Delivery Delay for which the Supplier is responsible.
- (g) in the event of a Defect of material importance to Swedavia and such Defect is not remedied within five (5) business days (or such other period as may be stipulated in the Contract) of written notification thereof by Swedavia.

In the event of a cancellation in accordance with this clause 17.1, the Supplier shall without delay report, and at Swedavia's request, hand over to Swedavia – in return for reasonable compensation to the extent that such compensation has not already been paid – all Supply Undertakings which have come into existence in work already performed relating to the cancelled part in question.

If the ground for cancellation arises for Swedavia in accordance with this clause 17.1, Swedavia shall, without affecting other rights and consequences that Swedavia may claim in accordance with the Contract or applicable law, always be entitled to withhold payment and other performance in accordance with the Contract which is associated with such grounds for cancellation.
